SALES-LIST (S)

of available Sheet-Fed-Presses and Ancillary Equipment

November 15th. 2010

(If you are seriously interested in one of these machines, please ask for a detailed description and pictures)

If you are searching a (special) sheet-fed-press, send us your inquiry and we will try to offer to you what you are looking for. The presses mentioned below, however, are „under our control“ and available in short time.

Sheet-Fed-Presses I

1 HEIDELBERG „GTO 52+“ - made in 1988 - Serial-No. 6936....

Ref.: G-101-Wink.Nau together with an imprinting-unit and perforators

in excellent working-condition, „as is and where is“

€ 19.500,--

1 MILLER „TP 29-2c“ - made in 1980 - Serial-No. 19546 - 62 mio impressions (on counter)

Ref.: G-156-YaDui. with standard-dampening-system and standard-circulator

with BACHER-register-system and GRAFIX-spray-powder-unit

in printing-condition, „as is and where is“

€ 12.500,--

or completely rebuilt

€ 16.950,--

1 ROLAND „R 304 HOB“ - made in 1996 - Press-No. 254....B out of Serie 314

Ref.: G-201-RoWeFr printing either 4/0 or 2/2 - 85 mio impressions

excellent printing good condition, ex printing-plant, „as is and where is“

€ 125.000,--

1 FAG „SPEEDPROOF 4 C“ = 4-colour-proof-press size: 71 x 104 cm, speed: 3.500 pph

Ref.: S-1001-YavDui. with MABEG-Stream-Feeder and High-Pile-Delivery

ex location printing-plant in Germany, „as is and where is“

on request

Sheet-Fed-Presses II

- 1 KOEBAU „SR III“** - made in 1979, rebuild in 1997/2004, Serial-No. 65700206, 103 mio impr.,
Ref.: **S-2001-Öhr.** with double-grippers, with IR-dryer, checked by KOEBAU-technician
ex location Germany, load on truck or into container € 20.000,--
- 1 KOEBAU „SR III“** - made in 1984, rebuilt in 1996, Serial-No....., 70 mio impressions,
Ref.: S-2002-GüMü. in 1996 was a BILLHÖFER-coating-unit added to the press
together with an extended delivery and an ELTOSCH-IR/Hotair-dryer
ex location printing-plant in Germany, „as is and where is” € 50.000,--
- or both together Euro 60.000,--**
- 1 KBA „RAPIDA 72 K“** - made in 1995, Serial-No. 347264, 61 mio impressions,
Ref.: **S-3011-Erz.** with MABEG-high-pile-feeder, alcohol-dampening-system
incl. BALDWIN-refrigerated-circulator and alcohol-dosing-device
ex location printing-plant in Germany, „as is and where is” € 25.500,--

Other sheet-fed-presses on request

Eine neue Folien-Prägemaschine der ganz besonderen Art!

Basierend auf dem bewährten Prinzip der umgebauten HEIDELBERG „Cylinder“
- hier das Modell „KS“ im Format 38 cm Länge x 52 cm Breite -
entstand eine Heiß-Folien-Prägemaschine „vom Praktiker für den Praktiker“!

Die wesentlichen Unterschiede zu herkömmlichen Maschinen sind:

Verwendung von sog. „Jumbo“-Rollen bis 4.500 m Folien-Länge,

d.h. Laufzeiten bis zu 20 Stunden ohne Rollenwechsel,

d.h. geringerer Folienverbrauch durch stark reduzierte Wechsel-Intervalle

d.h. Qualitäts-Steigerung durch kontinuierliche Produktion

Computer-gesteuerter optimierter Folien-Vorzug

Denkbar einfache „touch-screen“-Bedienung

Vorführbereit und sofort lieferbar ab Druckerei Rhein/Main

A Very Special Hot-Foil-Conversion-Machine – brand-new !

Based on the well proofed principle of a completely rebuilt HEIDELBERG-Cylinder

- in this case type „KS“ - Size: 38 cm length x 52 cm width -

this hot-foil-stamping-machine was developed by an end-user “to be used as it should be”

The substantial advantages are:

“Jumbo”-reels with more than 4.500 m can be used,

that means running the machine up to 20 hours without changing the foil

that means less foil-consumption because of less reel-changing

that means better quality because of continuous production

Computer-controlled foil-transport

Easy handling by “touch-screen”-operation

Demonstration- and test-run any time, immediately available ex printing-plant

Preis verpackt und verladen auf LKW, einschl. Training am Aufstellort

Euro 25.000,-

Price packed and load on truck, incl. user's instruction at final destination

Ancillary Equipment for Sheet-Fed-Presses I

1 ELTROMAT „dpm 4“-Plate-Scanner, up to size 7B, hardly used, like new € 2.000,--

LINCOLN- and ARO-Ink-Pumps for automatic ink-level-systems and hand-filling-stations

for 200-kg-drums as well as for 300-kg-containers and 1.000-kg-tanks

for example with 2"-airmotor for filling small batches

or with 4"-air-motor for sticky sheet-fed-ink

or with 6"-air-motor connected to ink-containers

approx. €1.200,-- €1.600,-- €2.400,-- each

BALDWIN- and TECHNOTRANS-Refrigerated-Fountain-Solution-Circulators

any size, any capacity, new or second-hand, as is or rebuilt

for example:

S BALDWIN „AUTOMIX 225“ Serial-No 2738 / with cabinet € 800,--

L BALDWIN „AUTOMIX 225“ Serial-No 10129 / with cabinet (Met) € 800,--

S 3 units BALDWIN „CWL 604“ - Serial-No. 18282/1994 with BC 703 and with float + venturi each € 900,--

HS BALDWIN-„RCWL 851-100-060“ - Serial-No. 5249 /1998 with float, with BC 703, with venturi (w) € 2.900,--

HS BALDWIN-„RCWL 851-100-060“ - Serial-No. 5689 /1999 with float, with BC 703, with venturi (g) € 3.000,--

HS BALDWIN-„BASICLINER 1,0 L“ - Serial-No. /2000 with float, with BC 703, with venturi (w) € 2.500,--

HS BALDWIN-„BASICLINER 1,0 L“ - Serial-No. 7608/2005 with float, with BC 713, with venturi (g) € 3.000,--

HS BALDWIN-„BASICLINER 1,5 L“ - Serial-No. 9822/2007 with float, with BC 713, with venturi (w) € 3.500,--

S BALDWIN „RCWL 831-200-100 L“ - Serial-No. 13593 /1990 with 3 pumps, with float + venturi € 5.000,--

S BALDWIN „FF 862-050“-refrigerator to be added to two (2) standard-circulators € 2.000,--

S BALDWIN „FF 863-075“-refrigerator to be added to three (3) standard-circulators € 3.000,--

L TECHNOTRANS „FAZ 15 L“ - Serial-No. 14075 incl. Doser 2 (14076) for pre-mixing and float (Met) € 5.500,--

HS TECHNOTRANS „FK 1-2000-1“ - Serial-No. 151693 incl. Doser for pre-mixing, with float € 3.500,--

More Circulators and Refrigerated Circulators on request

Register-Puncher and Plate-Benders

S	KRAUSE- and KLIMSCH-Film-Puncher (3 units)	each €	50,--
S No. 2	BEIL - Type „BRS.780.S.ST.S“ - Serial-No. 6102 / made in 1991	€	750,--
S No. 3	BACHER - Type „2042“ - Serial-No. 4138 (AZ-Inv.-Nr. 96)	€	750,--
S No. 4	BEIL - Type: „780-S-H-RV“ - Serial-No. 8681 / made in 1996	€	750,--
S No. 5	BEIL - Type: „780-S-H-RV-AP-Sonder“ - Serial-No. 8682 / made in 1996 (AZ 111)	€	750,--
S No. 7	No Name	€	200,--
S No. 8 b	BACHER - Type: „2042“ (R) - Serial-No. 3584 / made in 1984	€	850,--
S No. 9	BEIL - Type: „Special Puncher“ - Serial-No. 8651 / made in 1996	€	750,--
S No. 10	BEIL - Type: „Special Puncher“ - Serial-No. 8203 / made in 1995	€	750,--
S No. 11	BACHER - Type: „.....“ (RR) - No Serial-Number	€	750,--

Ask us for (or send) a punching-pattern!

Further Register-Puncher and Plate-Bender on request

Compressors, Blowers and Vaccum-Pumps

1 BOGE-Screw-Compressor „S 8“ - made around 1997, less than 8.400 hours, good condition			
Ref.: S-1214-Augs.	motor: 5,5 kW - capacity: 0,8 cbm/min. with 8 bar	€	2.000,--
1 KAESER-Screw-Compressor „AS 31“ - made in 1999, very good condition (in use)			
Ref.: S-1213-Augs.	motor: 18 kW - capacity: 2,5 cbm/min. with 10 bar - incl. air-dryer	€	4.000,--
1 KAESER-Screw-Compressor „AS 35“ - made in 1998, real good condition (in use)			
Ref.: S-1212-Forch.	motor: 20 kW - capacity: 2,75 cbm/min. with 10 bar - incl. air-dryer „ASD 37 T“	€	3.500,--
